

GREENER, FRESHER, BETTER

96% reduction in CO₂ footprint with reusable stainless steel kegs

One steel keg saves the CO₂ equivalent to that sequestered by 28 trees

Each steel keg put into service eliminates the carbon emissions equivalent to taking a car off the road for two years

Each steel keg will save 2,340 lbs of trash from the landfill over its lifetime

STAINLESS STEEL KEGS

THE BEST WAY TO SERVE
QUALITY WINE ON TAP

the ultimate resource for
all things wine on tap.
